

Led by Dandelion founders and Managing Directors, Hayley Room and Emma Harwood

Dandelion Education Ltd  
Award-winning Philosophy and Forest School led outdoors nursery

# AIM HIGHER: BE OUTSTANDING

Supporting Early Years settings to thrive

Dandelion founders will work with you to analyse your provision, and develop an action plan that enables your setting to provide a holistic offer that both meets the needs of all children, and the expectations of the Early Years framework.

With an in-house visit, through analysing specific policies and procedures, and through conversations with you and your staff, Emma and Hayley will support your setting to be the best it can be.

Following the visit, discussions and observations, a full report will be produced, including a summary of advice and action points.

**The package includes: £850**

- **Half day policy and procedures review**  
(This is prior to the visit, and in conversation with you a focus will be agreed)
- **Full day site visit**, including an environment audit and brief observations of staff and routines (9am - 3pm)
- **Half day feedback session and action plan** (virtual)
- **Optional 6 month follow-up visit**, including observations of staff and an environment audit: £250 (one full day)

Since 2014, Dandelion's unique ethos and innovative approach has been validated by multiple national awards and accolades.

**These include:**

- Nursery of the Year • Enabling Environment • Health and Well-being • Inclusion
- Best Forest School • Team Development

The founders were also named as the Most Inspirational Leaders In Early Years in 2019; they support settings who also wish to aim high and who strive to provide outstanding education and care to the children in their settings.

# PROMOTING POSITIVE BEHAVIOURS PACKAGE

Dandelion is an award-winning, Early Years setting that prides itself on its unique approach to promoting and supporting positive behaviours.

Dandelion's child-centered approach supports the development of emotional literacy, self-regulation, and emotional intelligence; it provides adults with a behaviour toolbox, supporting them to empower children with skills that form the foundations for life, and that work to nurture a child's potential and independence.

Dandelion's approach is based on the decades of experience and training of Dandelion's founders, and qualified teachers, Hayley and Emma. This knowledge and expertise has been condensed into an accessible 6 hour training course and a resource pack for each staff member.

## Each pack includes:

- A pack of Dandelion Dialogue cards to support the development of emotional literacy
- Dandelion behaviour scripts and top-tips
- Visual time table and now-next-then templates
- Grounding game and my calm space template
- Rules template and 'rule of rules' guide
- A presentation folder to keep your bundle together

All children are capable of greatness given the time, and the love and support, of a knowledgeable other. Dandelion's tutorial supports families and carers as they become knowledgeable others.

Dandelion's approach provides children with lifelong skills, developing self-awareness, confidence and exceptional levels of emotional intelligence.

£575  
for 15 participants
